

Nudge, a Dutch social enterprise,

organises a traintrip through Europe for 5 young Dutch people who won the Nudge Leadership Challenge 2014 (a 3-day competition searching for the best young leaders in Sustainability)

Aim of the 'Nudge explores Circular Cities Tour 2015' is to put concrete circular initiatives, big and small in the spotlight, and inspire a wide audience (governments, companies and consumers) to take the next step to circularity.

The cities we visit are Rotterdam, Kalunborg (DK), Hamburg, Budapest, Milan, Paris and Brussels. Take a look at the [Nudge sustainability hub](#) for more background about the tour, the travelers and Nudge. Here you can also sign up initiatives in Budapest to be presented on the website!

In every city we co-organize a RoundTable lunch with Circular Economy experts (ca. 5) to reflect on our city visit.

Goals of RoundTable is twofold:

- 1) summarize the lessons and insights gained during our visit in Budapest and
- 2) enrich these lessons and insights with input from local leading thinkers, experts, and young leaders and/or professionals, in the field of Circular Economy and sustainability in the city.

Európai körtúrát tesz a holland székhelyű Nudge szervezet fenntarthatóságban elkötelezett munkacsoportja a Holland Környezeti Minisztérium és a Rabobank támogatásában.
